Then, they claim it was done by Algirdas (Pundzius) because he was an employee of Tesonet, but there is no mention of that anywhere online, outside of that HackerNews thread. In fact, [Algirdas' LinkedIn Profile](#) says "ProtonMail", and doesn't mention Tesonet in his job history, but it does show up in his interests.

 That first link also shows Darius Bereika as the Director of ProtonVPN LT, UAB - a feeble coverup attempt

Every company and name you see here, has betrayed the trust of everyone in the world, including you. Whether you have ever been their customer or not, they made this world a more dangerous place to live, just to turn a profit.

Don't be part of the problem, be part of the solution.
